### Child Meets

### Terrible Death

Katie Maguire, Passburg, Victim To The Flames

A terrible fatality occurred at Passburg on Monday afternoon, which resulted in the death of little Katie Maguire, aged 13 years. About 8 o'clock the mother left the house to go to town from the ranch which is about a mile north, the little girl having been outside on the porch at the time shortly after the mother's departure, it is supposed the little girl entered the house and started a fire which spread to the building soon filling the place with flames so that the child failed to make an exit. Mr. Pearson, working on a ranch a short distance away, was first to notice the flames and immediately reported to the scene. Not seeing anyone moving around there he presumed the mother and child had both been out town, and as the flames had then gained great headway, it was useless to attempt to save anything. After the building had been reduced to ashes the little girl was discovered lying face down in the flames. The body was removed by William Duncan. The mother arrived on the scene shortly after the fire occurred and was rendered all at frantically over the sudden and terrible fate of her little child.

Coroner Pinkney was immediately summoned and an arrival after the necessary examination decided that an inquest was not necessary, as the circumstances surrounding the sad affair were of a purely accidental nature. At the time of the accident, the father was working in the mine.

### In The Feminine Arena

A striking six round bout was witnessed near Cornwall street a few evenings ago. The contestants were a colored lady and a woman from Newfoundland. It was a bitter fight while it lasted, and there was nothing of the rough and tumble about it, either. Not even a hair was pulled, and in the clinches it was left with one arm free and a clean break away. Twice did the dusky one drop her opponent with right arm jabs, but the latter was fairly even until the opening of round six, when Fanny Novas floored for the count. Now the next bout is likely to be late police court. Another fist fight between a colored lady and a white woman took place since the first one, and in close proximity to the six round affair. The white woman was accused with stealing jam from a neighbor's cellar, and when she called her accuser a nasty creature, the fight began. As in the former bout, the colored lady defeated her opponent. And the, too, will mean a visit to North Bayview Hospital.

Don't miss the twenty-round boxing contest between Freddie Beale and Louis Britano.

### Happenings in and Around Frank

Saturday was a fairly busy day here, the pay roll amounting to \$10 in the neighborhood of \$25,000.

Dr. J. W. Mackay, who had been attending the medical convention at Edmonton, returned to town this week.

Rev. W. T. Young will officiate at the Institution's church, Coleman, both morning and evening on Sunday next.

Rev. J. G. G. Bompas of the Institutional church, Coleman, will occupy the pulpit at Knox Methodist church on Sunday night next.

Several promoters of the new clay products company were in town this week, looking over the proposed location of the new works.

The contract for the removal of Frank to the new townsite is still under consideration, and it is hoped that definite terms will be arrived at in a few days.

H. H. Cromwell, of the Canadian Credit Men's Association, Calgary, arrived in town on Monday, to make arrangements for a big auction sale of Lang's stock. The sale took place on Wednesday afternoon and was kept up until 10 p.m., during which time a large quantity of goods was disposed of.

### Coun. McLeod at MacLeod

This obscure hamlet was honored last week by a fleeting visit from Coun. Archie McLeod, the stormy petrel of the Blairmore town council. Coun. McLeod, looking over the express his disapproval of the action of the MacLeod council in giving an opinion on their debentures.

It has not all, according to the Blairmore council, either as Council McLeod admitted. "It has been three months since we had a council meeting," he said. Coun. McLeod and Mayor Lyons are ranged on opposite sides on the question as to where the proposed new fire hall is to be located. The council authorized the purchase of the lot in the center of the business part of the town, but Mayor Lyons has refused to sign the check for the purchase price of the lot. The vendor has taken his claim into court, and is being represented by Campbell & Aitken.

The council passed a motion that no defence be filed, but the Mayor on his own responsibility has filed a defence.

The case will come up at the fall term of the supreme court.

Councillor McLeod says that Blairmore is going ahead with wonderful strides.

"If you don't believe me, ask Mike Ross," were the convincing words with which he terminated a colloquy of his home town.—MacLeod Spectator

### Carnegie's Gifts

Sixty thousand dollars is not sufficient inducement to the members of the board to carve the name of Andrew Carnegie on the slab of stone over the entrance of a library that would meet the requirements of the city of Edmonton. Accordingly, they adopted a resolution at their last executive meeting declining the offer and conditions and turned the matter over to A. G. Harrison, a member of the board of commissioners, for final disposal. Mr. Carnegie's original offer was based upon a population of about half of what it is today. When informed that the city has a population of 55,328, according to a census completed on July 5, Mr. Carnegie replied that he felt compelled to take the figures compiled a year ago by the Dominion enumerators and would limit his grant to \$50,000. The library board has recommended to the commissioners that they consider the question of submitting a bid to the trustees for the purchase of sufficient funds to complete the construction of a municipal owned public library.

Over ten thousand harvesters are present enroute to the west.

### Notes From Burmis

E. T. Pittman was a Blairmore visitor on Sunday.

Mr. Stevens and his family were in town last week end.

H. Mitchell and wife were week end visitors to the Blairmore of Canada.

Mr. Geo. Hope and daughter are visiting with friends in Lethbridge this week.

Bartholomew gave a little pink tea to some of the boys on Sunday, which was very much appreciated.

The new C.P.R. depot is nearing completion, and is expected to be finished in the course of a week or so.

The new school is practically completed, and the boys are contemplating holding a social and dance on the opening occasion.

Uncle Billy is causing quite a commotion in town this week by his roping exploits on "Blue." Uncle is figuring on going to Calgary to the stampede, and may be well away, these tenderloins amount.

The Order of Guzman met again this week, and the following is a verbatim report of the discussion which took place.

Secretary has received communication that the Rose-Lator \$50,000 baby was born in the usual way, without a tag to its back, and not a penny in its pocket. That it indulges in light opera, as every other baby does, and has similar tastes and habits. Not so very wonderful after all.

The Order reports that our representative, who gave the C.P.R. as valuable lessons in the art of switching box cars, in such a manner that the mines could be kept running, should be soon be forgotten. Already the nightmare of shortage is upon us, and we wonder why the C.P.R. is so slow with its so-called experts of our large operators must feel the pinch of standing charges under reduced output.

We would say that they are afraid to risk, but we have a hunch that they will take no chances in offending their large customers, and getting a reputation. What they may admit verbally and what they put in black and white, are two different things.

Our president says that there is no mutual understanding between the C.P.R. and the mines, and that the latter will have to look out for themselves.

Any person who is not afraid to expose it on this subject, will be warmly welcomed by the Order.

We have, as our president anticipated, that his "Nile" and the other reports do not agree over the Frank slide case. Our committee is still busy to report on confirmation of the above.

The members desire to express their regret at the kind attention bestowed on all descriptions of "rings" by central. The silvery voice adding "numbers" has made the single young men around, who they are single.

We shall all with delight the coming of the structural material for the Blairmore bridge. Anyone wishing political support at the next election, please take "This matter is already in the hands of the department."

All express our deepest sympathy with our old friend Mr. P. McGuire in his bereavement and loss, and the Order of Guzman open a subscription list on his behalf.

The Order desires to extend a cordial invitation to the Blairmore F.C. to visit Burmis and play off the game that is our due. We sympathize with them in their troubles, and regret that their effort was only rewarded by the transfer of the cup to the team of the "Sporty Six."

Real estate agents are moving rapidly from place to place in the Passburg and around to make money on the unsuspecting.

We have been offered free in the distant sub-division of Passburg called Hillcrest at a remarkable low figure, but all our money has gone into the "Natural Gas Scheme."

### Commercial Education

Commercial education is to receive full attention in the public schools of Edmonton, beginning next month, and in carrying out its program the school board will engage an expert, who is to receive a fixed salary of \$1700 a year. The board does not demand that the applicant shall be a university graduate. What is desired is man of thorough understanding of business education coupled with the ability to impart this knowledge to others. A graduate of a university, possessing the same qualifications, will have the advantage. Edmonton's school population has increased from 1,144 to 2,005 the last twelve months and should be fully 4,000 at the beginning of the fall term. W. G. Carpenter of Calgary, has been appointed superintendent of the high school.

### Happenings in and Around Bellevue

Mrs. Nally visited Fernie over Sunday.

Mr. George Davis is visiting in Fernie.

Harry Shaver is laid up with neuralgia.

Joseph Elliott is working at Police station.

Jack O'Hanlon is working at the south end.

Work is progressing on the Union Bank building.

Mrs. Gill Collins spent Tuesday in Blairmore.

Mrs. Birney, of Fernie, is visiting Mrs. G. Collins.

Mrs. Christie and Mrs. Ashmun spent Monday in Blairmore.

Chas. O'Brien, M.P.P., spent Sunday with Mr. Clem. Stubbs.

Mrs. J. Naylor returned from a visit with her mother in Macleod.

W. J. Blair is building a warehouse in connection with his business here.

Will Rochester got his leg badly hurt at Hillcrest mine on Tuesday morning.

Mr. Bennett, late editor of the District Ledger, spent the week end in the camp.

The local football team have been invited to play at Macleod, sports on Labor Day.

Mr. Johnston, the local carpenter, will move with his family to Calgary in a few days.

The band have added a large horn instrument, which greatly increased its efficiency.

An accident on the loading machine at the Uplie on Monday night paralyzed the engine of the mine on Tuesday.

Mr. Irwin will preach in the Methodist church on Sunday evening next on "The Essential Character of True Religion."

The band gave an open air concert on Sunday afternoon, which was enjoyed by a large number of the local music-lovers.

Phil Hays has sold out his butcher business to P. Burns, Mr. May, of Lila, is managing the store for the latter.

One of our Hungarian friends is laid up in the hospital with a fractured jaw, resulting in an accident in the mine last week.

A number of Bellevue people went to Blairmore on Saturday night to take the fight—Boxed as they were spent in crossing the slide.

Mr. Wilkinson, organizer for the student labor council of B.C., delivered an address on the present labor situation in the Socialist Hall on Sunday evening. A large number listened to the address.

The Bellevue football team will contest against Macleod for the honors of The Green Bay League on Saturday next. It is likely that a large number of the local enthusiasts will go up to cheer the team.

The Band has been returned from their camp at Group's' Lake on Saturday and all reported a splendid time, which was all short and. And they are already looking forward to a delightful time next year. The next reunion will take place next Saturday when the boys hoped were to come exploring among the mountains.

At the trial of "Michele" Ross held at Macleod last week the Mounted Police failed to produce evidence enough to produce a conviction in the charge of theft that was "laid against him, and "Michele" was acquitted. This was evidently a case where an innocent job appeared like a serious offense and we are pleased that the judge took such a common-sense view of the matter.

Devote children have been the winners of their teachers, and are all back to school again. Much dissatisfaction is felt that the new building which we hoped would be ready for the school opening has not yet materialized. But the trustees report that the delay has been caused by circumstances over which they had no control and that they are having no more untoward to have the new school up as speedily as possible.

Everyone are looking forward to the coming contest between Freddie Beale and Louis Britano, for the featherweight championship of Western Canada. The exhibition given by these two young pugilists about a month ago was sufficient to ensure them a crowded house on this occasion. The event takes place at the Pavilion hall on the afternoon of Monday September 2nd—Labor Day—the preliminary bouts to start at 3.30 and the main feature at 4 p.m. Tickets are for sale at Cole's pool room, the fountain hotel and by members of the committee. Advance sale last Nov. \$1.00, \$1.50 and \$2.00.

Was not as much as mentioned in Chamberlain's Colic, Cholera and Diarrhoea Remedy, the world was under the influence of the potentiate of nature's gentlest remedy—Chamberlain's Colic, Cholera and Diarrhoea Remedy, of Temple, Ind. For sale by all dealers.

INSECT STINGS AND  
SUMMER SORES

Insect bites and stings, blisters and rashes, and other annoyances of any one of them, may be treated in many ways. For example, if you are bitten by a mosquito, you may use a remedy that will kill the insect and soothe the skin. If you are stung by a bee, you may use a remedy that will soothe the skin and prevent infection.

For cuts, burns and other skin diseases, such as eczema, blood poisoning, etc., and for pimples, Zambuk is a valuable remedy. It will soothe the skin and prevent infection. It is also a good remedy for itching and for the relief of many other skin diseases.

W. J. BARRETT, Proprietor.

Bellevue, Alta., Fri., Aug. 23, 1912

The big pay day last week

gave new impetus to business

life. Never before has there

been such a rushing trade done

by the stores of this section of

The Pass, and conditions generally

are of the most encouraging nature.

Some "meal tickets" were

banded around, inviting tapers

to a ball in Blairmore

this week. The printing was

done out of town and the affair

received its due share of patronage.

"S-o-a-k-e-d" is the

term now used to describe the

feelings of the parties who suffered

from the experience of

defying the home industry.

It is regrettable that the govern-

ment will insist upon patching

the old road to Coleman

and other places where they

unnecessarily course up the hillsides,

while a comparatively

level and straight right-of-way

can so easily be found where a

road could be constructed at

little more cost than that of

patching the old undesired

route.

Last week we made reference

to the matter of home invest-

ments, and repudiated the idea

of ignoring the home advantages

and investing our sur-

pluses in outside propositions.

As a matter of fact one can

hardly be blamed for searching

their money out of town when

we realize that it is impossible

to buy some property owing

to the existence of a caveat,

which prevents anyone from

purchasing or procuring a clear

title to property in certain

parts of the town. Steps should

be taken by our citizens to ar-

range with the Dominion govern-

ment whereby that body

might take the matter in hand,

raise the caveat, and after the

rightful owners to the towns have

been decided upon, to pay

the same such money as they

have been collecting for sales.

General Booth

Passes Away

General William Booth, head

of the Salvation Army, passed

to his rest on the night of

August 20th, at the ripe old age

of 83 years. It will be remem-

bered that a long time since the

General lost sight of both eyes

and in spite of this affliction,

declared that he would carry

out his plans to visit Canada

and the United States. The

General was a most notable one

of the greatest evangelizers in

history.

The August Rod and Gun

An interesting description of

Gatta Day, Newfoundland's great

annual summer festival day is

contributed to the August issue

of Rod and Gun, published by W. J.

Taylor, Limited, Woodstock, Ont.

by W. Lacey Amy. Following

this one is interested in the pro-

duction of the photographs and

paintings made by the Kootenay

Indians on rocks of the native

Province and in their story as

told by Chas. D. Ellis. The same

author also contributes the story

of a trip on Toby Glacier and up

Mt. Gleason. The illustrations

accompanying which help to make

the reader forget the hot summer

weather. Messrs. Rod, editors of

the Culture of Blood and Silver

Foxes, have still another article

in the August number which we

trust is well illustrated. Many

other articles deal with summer

vacations in Canadian territory.

## Miner Killed in Blainmore Mine

Steve Roboluk, a Foreigner, Succumbs While in Pursuit of Livelihood

A miner named Steve Roboluk, was accidentally killed in the mine at Blainmore on Wednesday forenoon. It seems that he had been digging when a pile of coal or rock tumbled on him, and before he could be extricated his last life fled from him. His body was removed to the morgue where a preliminary examination was held before Coroner Pinkney. An inquest into the cause of the death of Steve Roboluk will be held tomorrow, Friday.

Roboluk was 35 years of age, and leaves a wife and two children residing in Blainmore. Funeral took place this afternoon at the Blainmore cemetery, Rev. Father Defestre officiating.

## Injured at Cement Works

James Stewart, employed at the Rocky Mountain Cement Company's plant, received serious injuries on Wednesday morning. His head was severely crushed and for a time it was thought he would not live. At the time of our going to press we learn from the hospital that there is hope for his recovery.

## Miner Killed

At Coal Creek  
Eernie, B. C., Aug. 19.—Richard Hembo, a Welsh miner, was badly mangled and instantly killed, on Wednesday night, when a large pile of coal fell on him. Hembo was just before the pile came out of the mine. Hembo was a rope boss and the rope broke letting a tip of several rods come back over him. Hembo had not long been working in the mine very long and leaves a wife who had just come out from Wales to join him.

## Supt. of Grenfell

Flission Convicted  
Superintendent C. H. Karnopp, of the Grenfell Seamen's Institute, Newfoundland, was arrested recently upon a deposition made by Dr. Grenfell, charging him with misappropriation of the mission funds to the amount of \$1,000. The action was taken by Dr. Grenfell after the report of the chartered auditors who annually audit the accounts of the mission. Karnopp was found guilty and sentenced to six months with hard labor.

## Building of New Church Still a Rite Subject

Rev. Dr. Ferguson, superintendent of Presbyterian missions, met the management committee of First Presbyterian church on Monday night, for the purpose of discussing church affairs and renewing activities in connection with the erection of the new church.

The managing board decided to take immediate steps in the hope that the new church might be completed by the end of the present year.

## Disposition of Little Church Funds

(Crowded out of our last week's issue)  
At Little, on August 14, a special meeting of the Little church of the Y.P.S.C.E. was held in the school room at 3.30 p.m., W. P. Williams presided. Kenneth L. Dawson acted as secretary for the meeting.

The business before the meeting was the disposition of the funds left on hand in the various societies of the church owing to the closing of the same. The money was disposed of as follows:

The Sunday School funds amounting to \$27.93 in the hands of the superintendent, W. P. Williams, to be sent to the Rev. T. M. Murray, Coleman, to be held by him until he can decide whether or not it will be needed in Little. Should Little not open up again, he can devote it to any church funds he fit.

It was agreed that the balance of the Ladies Aid Fund, \$9.25, be handed over to F. Anderson, treasurer, to be laid over in full when the amount at present on hand \$12.05, to the Rev. James Lang for his services as preacher.

The Church Building Fund, to the amount of \$84.00, to be turned over to the Presbyterian church of Canada for three years, at the end of which time, if Little should be opened up again, same to be returned to Little Presbyterian church building fund, and in the event of Little not opening up again, the three years the aforesaid money to become the property of the Presbyterian church of Canada.

It was agreed by the members present at this meeting that the funds of the Y.P.S.C.E. be added to the building fund. The following members were present: W. P. Williams, Frank Anderson, elders, Messrs. McCondon and Williams and Miss Williams. Miss Norton, Messrs. Earle Keith and K. L. Dawson. Signed, W. P. Williams, Chairman, K. L. Dawson, Secretary.

## Macleod Hospital Opening

The formal opening of Macleod's magnificent new Municipal Hospital, took place last Thursday evening, and was a notable event in the history of the town.

The hospital is an imposing building, brilliantly illuminated, with columns gleaming white, and presents a most attractive appearance. The interior is spotless. Highly polished hard wood floors and white walls give the various wards a most inviting appearance.

The hospital contains forty-one beds. There are seven private wards, four semi-private wards, and four public wards. The operating room is on the top floor. All the surgical cases will be treated on this floor. The lower floor is the medical floor.

Belonging for the convalescent will make getting well a real fun. Many visitors visited the building and admired its appointments. Mayor Steadman after making a few brief remarks called upon Premier Sifton who formally declared the hospital open.

The building cost \$40,000, and its appointments are modern in every respect. A long needed want has been supplied and an acquisition to the city that its citizens can truly look upon with pride for years to come.

## "Jim" Burrows Gains a Knockout

Maintains Title of "Middleweight Champion of The Crows' Nest Pass."

The boxing match staged at the Blainmore opera house on Saturday night resulted in another victory for champion Burrows. The accommodation at the opera house was almost taxed; large numbers having arrived from all points between Pincher Creek and Pelly, to witness the reappearance of Burrows in the ring.

A good last preliminary was staged at 10.15 between Dennis Rees, of Hillcrest, and Louis Britano, of Bellevue, two swift combatants, who are attracting great interest in our wrestling and pugilistic circles at the present time. Rees is holder of the lightweight wrestling belt for Alberta, while Britano is aspiring for the featherweight championship of Western pugilists.

The bout lasted five rounds, and resulted in a draw, being really the finest exhibition of heart ever witnessed here.

The main figures of the evening entered in the circle at 10.35; both Jim Burrows and Tommy Tapella appearing in good trim.

At the call of time, both stepped and child soon in a contest of opening. Tapella hit a heavy left beneath Burrows right ear, but with very little effect. Burrows soon returned with a stiff left under the right jaw, followed by a similar blow with the right under the left jaw, which seemed to daze Tapella. Tapella's arms swung open and he started to fall backward, when Burrows dealt the final under the right ear, which sent Tapella to the floor like a felled tree. Coming in heavy contact with the hard board. As it's count by referee stranger, Tapella was carried to his chair dazed, where stimulants were administered but by his disappointed admirers. Only 58 seconds elapsed from the call of "time" to the knockout, when Burrows was announced victor.

It was announced that Dominick Marshall had challenged the winner and would meet Burrows on some date to be announced later.

## Meeting of Quarterly Official Board

The first meeting of the quarterly official board of Knox Methodist church, for the year 1912-13, was held at the home of J. C. Fairbairn on Tuesday evening.

The minutes of previous meeting were read and adopted. It was announced that it would be necessary to raise the sum of \$1,000.00 to defray the current expenses of the year; and that the mission board would be asked for assistance.

A. J. Blais was elected delegate to represent the church at the district meeting to be held at Claresholm next week end.

A vast amount of ill health is due to impaired digestion. When the stomach fails to perform its functions properly the whole system becomes deranged. A few doses of Chamberlain's Tablets is all that's needed. They will cleanse your digestion, restore your strength, your bowels, and everything again with that natural feeling due to faulty digestion. Try it. Many others have been permanently cured—why not you? For sale by all dealers.
